# Conquer Mount Kilimanjaro or Mount Meru

Mount Meru is a great hike with no traffic and a great wildlife experience. Or how about hiking up to the Roof of Africa: Mount Kilimanjaro? Our experienced English-speaking mountain guide and his crew will make sure that you arrive safely. You will be provided with strengthening food, regular health checks, and a happy team to keep you motivated.

## Take a walk on the Wild Side...

...and let us take you on a breathtaking wildlife safari to Tanzania's most beautiful national parks.

On your trip you will be accompanied by our English-speaking guide who will gladly explain everything about Tanzania's amazing flora and fauna. Your personal safari chef will also prepare a delicious breakfast, lunch and dinner for you. The trip will be in a customized semi-open 4x4 safari cruiser, and accommodation will be in tents or high quality lodges.

We offer both game drives and long trip experiences in Tanzania's northern circuit:

- Serengeti ● Ngorongoro Crater
- Lake Manyara ● Tarangire
- Arusha National Park

On your day trip you will be provided either with a lunch box or a freshly cooked traditional Maasai lunch on-site.
